

Pumpkin Photo Centerpeice

By Penny Teruya

Supplies:

- 1/8" Hole Punch #77178541
- Hot Glue Gun #30013284
- Glue Sticks
- Pencil
- Scissors
- Embellishments for each page.

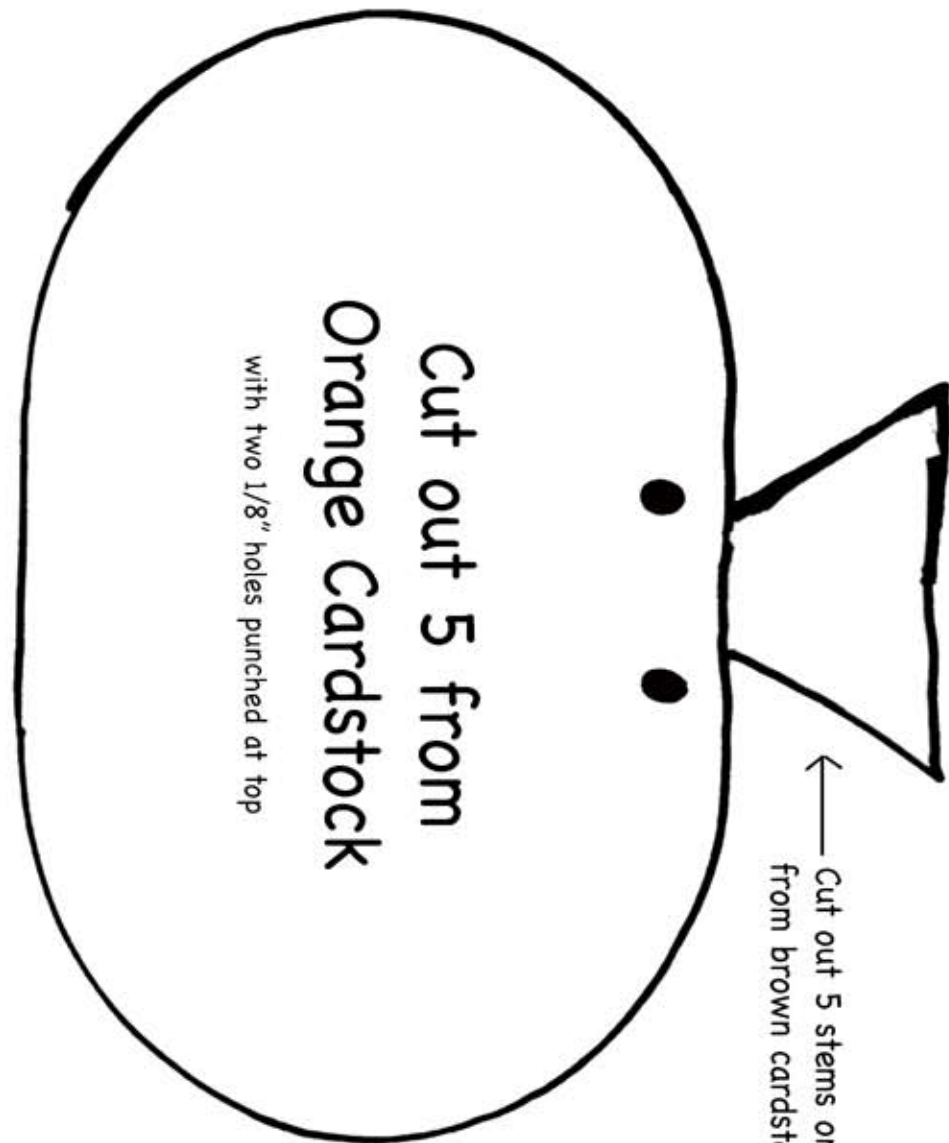

Materials:

- 2 - 8 1/2 x 11" Orange Cardstock #77301739
- 1 - 3 x 6" Brown Cardstock #30041433
- 1 - Green Chenille Stem #77674093
- 6 - 6mm Orange Round Faceted Beads #30006156
- 1 - 3 x 3" White Cardstock #77301937

Directions:

1. Trace and cut out pumpkin pieces from the orange cardstock.
2. Cut the 'slits' on of each pumpkin piece on the slit line.
3. Then punch the 2 holes on each piece.
4. Assemble piece A and B together at the slits to create an 'X'.
5. Then place C on top of 'X'.
6. Take the chenille stem and string it through a hole, add a bead, then continue through next hole. (Tip: Each bead should be in between a page. These beads hold the pages open.)
7. Continue stringing through the whole pumpkin, leaving about 1/2" at the end.
8. Twist the two chenille stem ends together.
9. Coil the longer end of the chenille stem around the pencil.
10. Hot glue the brown foamies on either side of the pumpkin stem.
11. Decorate pages with embellishments and photos.
